Please include in meeting minutes and read out loud:

To the Members of the Council,

I am writing to formally request access to the official voice recording of the Council meeting held on December 17, 2025.

In addition, I wish to express serious concerns regarding the conduct (abusive and abrupt behavior) and continued presence of one Council member, Mr. Brian Fiorizone.

In my view, his actions have repeatedly caused disruption and do not reflect the best interests or values of our town. I am concerned that his conduct is not contributing to positive, forward-moving governance and may expose the town to unnecessary legal and reputational risk.

Council SHOULD review Freedom of Expression and Freedom of Speech. Brian cannot legally silence anyone or remove our concerns or letters from minutes. He is only attempting this to save his own reputation. Legal council would not stand for this, trust me.

I respectfully urge the Council to carefully review this matter and to consider whether it would be in the best interest of the community to remove Mr. Fiorizone from his position and open the seat accordingly. The Council has the authority to act in the town's best interest, and I strongly encourage thoughtful consideration of the long-term impact on our community.

This is now my fourth formal request—fifth overall—for answers to the questions I submitted nearly a year ago (February 19, 2025).

By the January 2026 meeting, eleven months will have passed without ANY responses. That is unacceptable.

If you are unable or unwilling to provide answers, then that failure raises serious concerns about your role and effectiveness as representatives of the town of Vonda. Transparency and responsiveness are not optional responsibilities.

The residents of this town deserve better. I expect a response addressing all outstanding questions by January 30, 2026.

Thank you for your time and attention to this matter. I look forward to your response and to receiving the requested meeting recording.

Sincerely,
Town of Vonda ratepayer, Santana Moidenhauer

RM of Grant No. 372

Box 190

Vonda, Sask. S0K 4N0

Re: Development Permit Application -107 Railway Ave.

Dear Reeve and Members of Council:

The Town of Vonda writes to provide an update respecting the Development Permit Application for 107 Railway Avenue, submitted by the Grant Fire & Rescue Organization, which proposes a change in use to a Fire & Rescue Fraternal Lodge.

This application is being reviewed pursuant to the Town of Vonda Zoning Bylaw and applicable Development Regulations enacted under The Planning and Development Act, 2007. The Town has retained legal counsel to review the documentation and information provided to date. Council will refrain from making any determination regarding this application and any other correspondence connected to this application until legal review has been completed and appropriate advice has been received.

In addition, Council has received written inquiries from a ratepayer concerning this proposed development. As these questions relate directly to the Grant Fire & Rescue Organization and the proposed use of the property, Council requests that the RM of Grant and/or the Grant Fire & Rescue Organization provide a written response to the attached questions.

A timely response would be appreciated to assist Council in addressing community concerns ensuing a thorough, transparent and procedurally compliant review process.

Should you wish to discuss this matter further please contact the undersigned.

Sincerely,

Brenda Willman/Mayor

Hello everyone below I have some very important and crucial questions that need to be answered prior to a vote for a change of use for address of 107 Railway Ave. in Vonda. These are questions that I feel council should have asked at the January 2025 meeting when Travis, Mark, and Dion we're all present yet not one of you had any questions to ask.

This is a very important decision, which you hold you all accountable, for it will impact our current OCP economic development and growth, as well as the sustainability of this community. I want this in the minutes for the community to see.

At our public meeting Jordan Florizone stated that GFR is 24/7 service. Question, who will be responsible to clear the snow in winter for them to get out of town at 3 AM? Vonda's Town foreman or RM of Grant?

Will Grant fire rescue department, support town, events, and volunteer as part of this community such as town cleanup volunteering at the Vonda Rink kitchen?

The chip seal costed the town close to \$200,000. With the Rural municipality utilizing this street of railway 24/7 who will pay for future maintenance? will this cost become the responsibility of the town taxpayers? This is a touchy subject because for years the town has asked the RM for help with maintenance cost of Lerew Street due to heavy industrial and agricultural equipment, only to be denied every time for financial assistance. How will you address the road damage for heavy fire department vehicles and how will you contribute to road maintenance and upgrades?

If the town of Vonda approves this change of use, it sets precedence to other people in this community, who perhaps want to start up a mechanic shop in a residential zone. Would the town of Vonda allow it because they have already broken their own bylaw to allow it for the RM grant?

Has anyone contacted the CN Railway to let them know that the commercial zone has now changed to an emergency service zone?

How do you know that property values in the town of Vonda will not be impacted by having two fire departments and a loss of business?

BW

Are there plans in place for designated emergency vehicle routes? Especially if the train is blocking both entrances east and west of the town of Vonda?

Has council gone to look at the building to see if the water meter is operable? who will be responsible for repairs and water usage?

How does the RM of Grant plan to work with our existing town of Vonda's fire department to improve services?

What benefit will Grant fire rescue bring to the town of Vonda that wasn't already available?

Personal question to do you have written proof and documentation that the residents fire insurance rates will go down because GFR is now stationed in our community? Please provide something in black-and-white for us to consider insurance rates being lower?

Is GFR trained for train derailments which could contain hazardous materials? Do they have the proper equipment which requires special training considering they would be situated across the street from the main rail line?

In the event the town needs to be evacuated due to a major emergency, what protocol will be followed? Would it be the protocol made by GFR or the Vonda fire department? Will this not cause confusion with the emergency measures organization? Will the two departments organize an evacuation plan together?

Are there agreements in place to offset lost commercial revenue that would have been generated if the property was developed for personal enterprise?

Has there been an economic impact analysis conducted to assess the long-term financial implications of this decision?

Can you please answer these questions as it would help us concerned rate payers, and help clarify whether the purchase was legally sound, physically responsible, and actually beneficial to this community?

JW

3

Who is to pay for any emergency lights to stop traffic on railway as well as on the Lerew Street when the fire department and equipment is coming or going from the building. This should definitely be in place to avoid any motor vehicle accidents at that location or children being hit.

Has anyone spoke to the neighbouring homeowners about the potential change and noise of alarms and equipment that could be 24/7 etc.

Will the shrubs be removed at the intersection to enable better viewing from drivers and volunteers for safety?

Who is to pay for upgraded fire hydrants if the RM of Grant says our current ones are not sufficient for their own use (As stated by Jordan Florizone at the public meeting). Does the RM of Grant pay for this? Or will the town rate payers be responsible for this cost?

Where will the Grant fire department keep their SGI salvage vehicles that they use for practice? Will it be on the property at 107 Railway? Would that not be extremely aesthetically unpleasing?

What happens to that building if one day the Grant fire rescue no longer can operate due to lack of volunteers or funding?

Will the water meter that is currently in the building be monitored and will GFR pay for their water usage?

What happens when the infrastructure fails at the property line of the building and lot line? Who pays for it the town or RM of Grant?

If anyone of this town council or RM council cannot answer and justify these questions to make a proper decision, you could be challenged in a court of law.

Thank you, Santana.

Request for a motion regarding municipal services in Vonda

Given that, it is stated in the Municipalities Act:

4(2) The purposes of municipalities are the following:

- (a) to provide good government;
- (b) to provide services, facilities and other things that, in the opinion of council, are necessary and desirable for all or a part of the municipality;
- (c) to develop and maintain a safe and viable community;
- (d) to foster economic, social and environmental well-being;
- (e) to provide wise stewardship of public assets.

Given that, also stated in the Municipalities Act:

79(2) The council is responsible for exercising the powers and carrying out the duties of the municipality.

Given that many recent occurrences in town and debates in Council have left certain residents concerned that some of their services, such as fire protection services, could be put in the control of a municipality where they have no rights as they are not ratepayers. Also given that the town successfully participates in some mutual assistance agreements, that allow for collaboration while still maintaining the Council's responsibility for the provided service.

I request of Council to put forward and approve the following motion:

Be it resolved that the Council of the Town of Vonda is committed to providing the necessary services to its ratepayers in ways that are transparent and accountable and, as such, the Council will not delegate, contract or otherwise set up the provision of these services to be offered solely by any organisation where the ratepayers of Vonda have no rights, no vote and no power over how these services are offered and at what cost.

I ask that Council's decision on my request – to put forward the motion or not and, if the motion is approved or defeated – be communicated to me in writing as well as appearing in the minutes of a regular public meeting of Council. I also ask that this request be added to the minutes of the regular public meeting of Council at which it is presented.

Respectfully,
Gisèle DeHart

Hi Linda!

Please add me to the END of the Agenda Delegation list.

I have a number of new, and old, issues that I need to speak about and feel sufficiently strong about that I don't want to break up or put off for another month.

The first couple are really just tag lines to past conversations that should only take a minute or two, and the answers may be given after my presentations .. or may be answered under old business.

Since I will be asking questions from Council and likely interacting with them, I am asking now that I be given extra time to finish ALL my list items.

Also, I want to be mindful of other delegations time waiting to be heard.

The Short Tag Items are:

1. Sidewalk Specs- Done? Update
2. Skunks- Motion to approve purchase of a 2nd large live trap for around town, specifically around my back yard in the Spring (babies likely?)
3. Rink Committee- Counselor Brian Florizone: Update; Members and Activities (please come prepared)

The Lengthier Discussions are:

4. Address Error: Missing Few Minutes of Dec 17th, 2025 Meeting Tape Recording
5. REQUEST: Administrator Linda to Read, into the Recorded Record, the Error Date, the Attendance for that Meeting, and any activity prior to the Beginning of the Tape.
6. NOTE: Tape started part way through Counselor Brian's own Objections to Policy/Bylaw Infractions
7. REQUEST that Counselor Brian F. come prepared to "Re-Read" the References he made prior to the Start of the Recording (please Submit Copies); his Objections/Notes (please Submit a Copy) together with the Name or Office phone number of the Municipal Advisor's conversation(s) with him that he referenced and relied upon
- 8.
9. Charter of Rights and Freedoms-
10. * Handouts & Discussion: Harassment, Defamation vs Protected Free Speech, Right to Challenge or Question Elected Officials and Decorum
11. * prior email Circulation of Incident Report & Witness Statements (with Time Stamps from Recording) arising from December 17th, 2025 Regular Public Council Meeting
12. * References without Names

13. * Use of the Term "Delegation"

14.

15. Council Behavior & Activities Outside of Meetings- Clarify

16.

17. Conflicts of Interest: Brian Florizone, Terry Nahorniak, Dianne Addley

18.

19. Fire Department Task Force

I recognize this is a lot for one Delegation presentation.

I am not usually prone to this much and regret that I feel the need to speak on all of these things in one meeting.

However, given that I was cut short at the last meeting and censored, given the error in tape recording relative to my Incident Report, given the serious nature of the Charter and the Unresolved Conflict Issues, as well as Council Behavior & Actions in Public, I feel a sense of urgency in dealing with them now.

Please include a Copy of this Email attached to January's Minutes.

Thank you and express my apologies, in advance, to the Council.

Thank you.

Sincerely
Debby

SUMMARY INCIDENT REPORT & WITNESS FORM

January 21st, 2026 - Regular Council Meeting (adjourned to Wed, Jan 28th, 2026 due to lack of Quorum)

Incident Date: December 17th, 2025

SUMMARY OF EVENTS:

These Events are Noted in Time Stamps (hr:min:sec) from the taped recording of the Dec 17th, 2025 Council Mtg.meeting. Note: Two Errors were made with this recording that caused portions to NOT be recorded (notably the First Parts of the Agenda until midway through Brian Florizone's speech; and between the Two In-Camera Sessions which included Delegation Gisele. Until those Minutes are approved, I have no way other than my own Best Personal Recall and these Witness Statements to provide an accurate Summary for the Record today. I am asking Everyone who attended the Regular Meeting on December 17th to read what I have written below and acknowledge or dispute it in the Witness Statement where an Opportunity is provided.. In any event, I am asking that they sign that they have read this document and expressed their opinion of it in the Witness Statement so that we can Begin "Begin on the Same Page".

- **DISCLAIMER:** I am not a professional transcriptionist but have done the best I could to represent what I heard on the above Tape Recordings and experienced in person. Any Errors are Mine, alone and I am willing to make Significant Corrections and Accept Comments in Favor or Against (Please see Witness Form)

Persons Involved: **Debby King**, a known TOV RatePayer who lives in the Town of Vonda, and who is noted on the Agenda to talk about several things, including Conflict of Interest.

Gisele DeHart, a TOV RatePayer who follows Debby in the Agenda for Delegations.

Counsel Members Present: **Dianne Addley, Terry Nahorniak, Brian Florizone, Jesse Lefebvre, Stephen King**, (and one vacant seat)

Also: **Mayor Brenda Willman**, and **Town Administrator Linda Denis**

Public Gallery at the time (Observers only): **Nic DeHart**, and **Tim Vanderstelt**

Not Present, but Mentioned as a Subject: **Santana Hawman**

(First Names will be used for economy of typing)

EVENTS (Beginning of the First Tape with Brian Florizone already speaking, until the First In-Camera Session; Missing the End of the First in-Camera Session until the Start of the Second Tape when Council resumes AFTER a Second In-Camera Session and until Adjournment)

1. Counselor Brian Florizone read into the Public Record some select Bylaws regarding Harassment by the Public, Improper Meeting Control, and Illegal activities. (Time Stamps 0:39, 44, 47, 53, 57, 1:00, 2:10..)
2. Counselor Brian Florizone also cited communications and advice from a **Municipal Advisor** on more than one occasion regarding his Concerns in several areas (Harassment, Management of Meeting, Email Communications regarding Purchases.)
3. Counselor Brian Florizone Moved that the past Letters from two RatePayers (**Santana Hawman** and **Gisele DeHart**) be removed from past Minute Attachments (Conflict of Interest and Code of Ethics complaints and concerns). (00:00-00:08)
4. The Mayor responded (and again at different times) that she would need a **Legal Consult** regarding Brian's Assertions. (Time Stamps 00:18, 00:34, 03:05)
5. A Vote was called on Brian's Motion. (00:09-00:17) Stephen Votes No, Jesse Votes "Currently, No", Deanne has questions about why the Vote can't wait and Brenda reminds her that she had been asking Brian for that but he refuses. (00:34) Dianne then replies that they have to Follow the Bylaws [taken as a Yes Vote] (00:53-00:56). Terry follows by repeating that the Bylaws need to be Followed [taken as a Yes Vote] (00:57-01:03)
6. Terry asks for the Wording of the Motion and Brenda gets Brian to repeat his Motion. " The Motion is to have Gisel's Letter against Terry.. And Myself.. Due to her accusing us of Conflict of Interest and Santana's Letter due to her Questioning Motives on Council." (01:39-02:10)

SUMMARY INCIDENT REPORT & WITNESS FORM

January 21st, 2026 - Regular Council Meeting (adjourned to Wed, Jan 28th, 2026 due to lack of Quorum)

Incident Date: December 17th, 2025

7. Brenda asks Linda if she is NOT allowed to Vote on this and both Linda and Dianne reply that she can. (02:20-02:22) Brenda then Votes "No. and declares that the vote is Deadheaded. Brian corrects her to say "Defeated". (02:27) Brenda also wants to note her Explanation for her Reasoning behind her Against Vote that she wants to wait for Legal Advice. Jesse says that he would like to join Brenda in her reasoning and add questions if ALL of Santana and Gisele's letters should be removed." (03:44-03:59)
8. After some Discussion between Brenda and Linda it was determined to Table the Approval of Minutes (05:22-06:00)
9. Voting on Financial Activities.
10. Result was All in Favor to Pass Financial Activities. (06:59-07:06) Motion Passed.
11. Voting on Accounts Payable: Brian stated that he wanted to argue the Purchase of the Truck.(07:14-10:52)
12. Lengthy DISCUSSION ABOUT CONSENSUS EMAIL, TRUCK PURCHASE (11:01-17:10)
13. Result was Terry and Brian NOT in Favor to Pass the Accounts Payable. (17:16-17:31) Motion Passed.
14. Delegations Began:
15. RP Debby King was first. She began with her First Delegation Issue on the Agenda: Update on Sidewalks and a proposed Timeline for Bylaw Renewal (18:08)
16. Debby's Second Issue on the Agenda was Conflict of Interest. This is when the Mayor stopped her to advise her that she could not speak to this subject, per Brian's earlier Objection citing Bylaws (24:08)
17. Debby then continued on with her Agenda items (26:16) speaking to Property of Vonda Land Purchases. Brian took issue with the reference to the RM being and Individual Entity. Stephen corrected him that a Corporation was Absolutely an Entity (). Debby talked about the issue for awhile with Counsel. Brian took time to read Delegation Matters on Agenda 25.7. (30:14-31:04)
18. At one point, Brian spoke and indicated to Council that Debby's time was up , at which time the Mayor told Debby to stop, abruptly in the middle of a sentence and an issue.
19. Debby took her seat without further communication and Ended her Delegation. (35:57-36:07)
20. Brenda then moved on to Unfinished Business. (36:15) Brenda referred to the Contravention of Zoning Bylaw by the RM at the 107 Railway Avenue location. (36:15-37:24) Brenda then suggested preparing a package relevant to the Bylaw for the lawyer, including the RM's rebuttal of the previous day. (37:24-37:54) Brenda asks for Thoughts. Jesse, Stephen and Dianne each confirms with Brenda which email she is referring to from the RM. Stephen then says he has no problem with it going to the lawyer. (38:16) (38:23-39:53)
21. Brian Florizone entered into a lengthy discussion about Bylaw Infractions, Contraventions being part of Strategic Planning and said that he wanted to talk about it In-Camera where they could talk freely. (39:57)
22. A number of questions were raised by the Mayor and Administrator about whether that subject qualified as Strategic Planning for In-Camera discussions.

SUMMARY INCIDENT REPORT & WITNESS FORM

January 21st, 2026 - Regular Council Meeting (adjourned to Wed, Jan 28th, 2026 due to lack of Quorum)

Incident Date: December 17th, 2025

23. Counselor Dianne Addley attempted to help understand what Brian was saying, debating it for awhile with Jesse and concluding that it SHOULD be In Camera. (41:48-42:24) Mayor Brenda decided to go In-Camera without further Debate and asked everyone to leave. (42:26-42:34) At which time Gisele entered into a brief conversation about Brian's Claim of Strategic Planning she believed was invalid, to which Brenda advised Gisele that she was not allowed to talk right now. (42:37-42:48)
24. Debby tried to reclaim 5 minutes due to lengthy discussions and asked to speak about her Skunks. Brenda politely disallowed and suggested she send an email because her Time was Done. (42:59-43:17)
25. At this point, Brian said that he also wanted the Administrator Linda to not be included in the In-Camera Session, as well. The Mayor and The Admin were very sure that she (Linda) should be included. However, Brian stated that he had spoken to the Municipal Advisor about it and that they could leave her out since it was In-Camera and no Reporting was being done. Brenda stated that she would like the Admin there to Advise her. Brian insisted that she not. Admin Linda was visibly upset but conceded to leave, mentioning going to a lawyer. The Mayor was concerned about a lawsuit and the discussion ended on tape. (43:20-44:35)
26. (FIRST TAPE ENDED 44:35 as Council went into a brief In-Camera Session asked for by Brian)
27. At some point after their First In-Camera Session and before their Second In-Camera Session, Gisele was asked to begin her Delegation. She approached Brian, speaking and leaning over, when Brian hit the table forcefully with his fist and shouted "Enough!". *(Best Recollection)*
28. Mayor Brenda got out of her seat from the other end of the table to go between Gisele and Brian, admonishing Brian and asking Gisele to step back. *(Best Recollection)*
29. Gisele was allowed to finish her Presentation to conclusion without further interruption. *(I cannot remember what came next; it would be on the Agenda or the Minutes when approved)*
30. Council returned from the SECOND In-Camera Session, starting a new Tape Recording at 00:00. Brenda announces the return as being at 10:11 pm. (00:00-00:13)
31. Brian says.. " I Move.. in Regards to Gisele's Code of Ethics Complaint against Terry Nahorniak.. I Move that we Dismiss for Lack of Evidence. (00:14-00-01:11:)
32. Vote on Motion Fails in a Tie. Brenda, Jesse, Stephan Against. Brian, Terry and Dianne For. (1:07-02:15)
33. Terry then makes a similar Motion to Brian's, Moving that Gisele's Complaint against Brian Florizone be Dismissed for Lack of Evidence. (02:15)
34. Vote on Terry's Motion Fails in a Tie. Brenda, Jesse, Stephen Against. Terry, Brian and Dianne For. (02:30-3:14)
35. Motioned, Voted All in Favor, and Adjourned at: (03:40)
36. SECOND TAPE ENDS (03:52)

Subject: Hydrant Clearing

Narrative:

This report provides an update on the recent snow clearing efforts around all fire hydrants in the town, which were completed to ensure emergency access and safety in the event of a fire. Snow accumulation around fire hydrants can obstruct firefighters' ability to access the hydrants quickly in an emergency. Clearing snow from hydrants is a critical part of fire prevention and emergency response efforts. To address this, we initiated a town-wide snow removal project for all fire hydrants.

Objective:

- Ensure that all fire hydrants are accessible and visible during snowstorms or after snow accumulation.
- Improve emergency response times by removing barriers that could delay firefighters in an emergency situation.
- Prevent accidents and injuries caused by snow and ice around hydrants.
- Increase community awareness about the importance of hydrant access.

Process & Actions Taken:

- **Initial Assessment:**
Following each snowfall, the Fire Department conducts a survey of hydrants across town to identify any areas where snow had accumulated and obstructed hydrants.
- **Coordination with Local Departments:**
The Fire Department worked with the town foreman to clear snow from all hydrants.

RW

- **Ongoing Effort:**

After each snowfall, Fire Department personnel, in collaboration with local volunteers, inspect and cleared hydrants. A priority list is maintained for hydrants in high-risk or hard-to-reach areas.

- **Community Involvement:**

A public campaign was launched, encouraging residents to clear snow around fire hydrants. The Fire Department posted a social media post explaining the importance of this effort.

Results:

- **Hydrant Accessibility:**

All fire hydrants in town were cleared, and access to them was ensured. This has improved the potential for quicker response times in case of fire emergencies.

- **Community Engagement:**

Residents have actively participated in the effort to clear snow around hydrants, with many voluntarily ensuring their neighborhood hydrants are visible and accessible.

- **Feedback from Firefighters:**

Firefighters have expressed gratitude for the clearer access, noting that it significantly enhances their ability to quickly address fire emergencies.

Conclusion

The recent snow clearing initiative has been successful in ensuring that all fire hydrants are now fully accessible. The continued collaboration between the Fire Department and residents has been essential in improving the town's fire safety measures. Moving forward, we will focus on expanding community involvement and addressing challenges related to severe weather conditions to ensure the safety of our community.

Subject: AED inspection and training

Narrative:

As part of our ongoing commitment to ensuring the safety and readiness of the emergency response equipment in our community, I recently conducted checks on both Automated External Defibrillators (AEDs) located at the town rink. In addition, I provided training to Tanner Petrie on the proper procedure for checking the AEDs and ensuring they are ready for use in case of an emergency.

AED Check:

Both AEDs at the rink were thoroughly inspected according to the manufacturer's guidelines. The checks included the following steps:

1. **Battery Check:** Ensured both AEDs were equipped with fully charged batteries.
2. **Electrode Pads Check:** Verified that the electrode pads were intact, not expired, and properly sealed.
3. **Device Functionality:** Ran a self-test to confirm that both devices were functioning correctly. Both AEDs performed their self-tests without any issues.
4. **Expiration Date Verification:** Checked the expiration dates on the battery and electrode pads to ensure they were up to date and within the recommended usage period.
5. **Visual Inspection:** Made sure both AEDs were clean, stored in their designated locations, and easily accessible for emergency use.

Both AEDs passed all checks and are now confirmed to be fully operational and ready for use.

JW

Training for Tanner Petrie:

In addition to performing the AED checks, I also took the opportunity to train Tanner Petrie on the proper procedures for checking the AEDs. This training covered:

1. **Routine Checks:** Tanner was instructed on how to perform the regular checks to ensure both AEDs are in working condition. This includes checking the battery, electrode pads, and the device's overall functionality.
2. **Emergency Use Protocol:** Tanner was trained on how to quickly and effectively use the AED in an emergency situation, including how to turn the device on, follow voice prompts, and administer a shock if needed.
3. **Reporting and Maintenance:** Tanner was also made aware of the procedure for reporting any issues or expired components, so the equipment can be promptly addressed and replaced as needed.

Tanner demonstrated an understanding of the proper procedures and is now fully capable of performing the routine checks on both AEDs.

Conclusion

The AEDs at the rink are in good working order and are ready for emergency use. The training for Tanner Petrie was successfully completed, and he is now equipped to perform regular checks and respond appropriately in the event of an emergency.

We will continue to monitor the AEDs and ensure that any future maintenance or checks are promptly addressed to maintain the safety of our community.

Vonda Fire & Rescue 2025 Year-End Report to Town Council

Date: January 9th, 2026

Report #26-002

Overview

The purpose of this report is to provide Council with a summary of Vonda Fire & Rescue's accomplishments and activities during the 2025 calendar year. This year reflected continued commitment to service, fiscal responsibility, and community engagement by all members of the department.

Fundraising and Equipment Acquisition

Throughout 2025, Vonda Fire & Rescue successfully raised **nearly \$32,000** in combined monetary contributions and equipment value. These funds and resources were obtained through a variety of methods, including fundraising initiatives, donations, and community support. The funds and equipment acquired have contributed directly to improving operational readiness, safety, and service delivery.

Member Participation and Efforts

The success of these efforts is directly attributed to the dedication and participation of department members. Members contributed through emergency response, training, fundraising activities, event organization, and ongoing support roles. The collective effort of the membership was instrumental in achieving the department's goals for the year.

ZW

Acknowledgments

Vonda Fire & Rescue would like to formally recognize and thank all department members for their time, dedication, and professionalism throughout 2025. Their commitment to emergency response, training, fundraising initiatives, and operational support was essential to the department's success. In addition, **the generous contributions and ongoing support from local businesses** played a major role in the achievements of 2025. Their financial donations, in-kind contributions, and equipment support significantly enhanced the department's ability to meet operational needs and serve the community effectively. Vonda Fire & Rescue is sincerely grateful for this continued partnership and community support.

Conclusion

Vonda Fire & Rescue is proud of the accomplishments achieved in 2025 and remains committed to continuous improvement and service excellence. We appreciate the ongoing support of the community and look forward to continued collaboration in the coming year.
